CONSULAR ADVISORY: Removal of stamp “Not Valid for Travel to Iraq” in Philippine Passports.

Please be advised that all Philippine regular passports printed and issued after 1 July 2011 by the Philippine Department of Foreign Affairs and Philippine Embassies and Consulates abroad shall no longer bear the stamp **Not Valid for Travel to Iraq** in the limitations page.

In addition, current passport holders may disregard the existing stamp and may apply for a new Philippine passport which would not have the stamp.

However, the Philippine policy of a labor deployment ban to Iraq is still in effect.
